BY GRAPEVINE TELEGRAPH.

What the Politicians are Doing All Over the Coast.

Terrible Political Scandal.

SAN FRANCISCO, Aug. 3.—Last night, parties who were near room 448, Palace Hotel, heard loud screams issuing from the spot. Rushing in they found a prominent candidate for the U. S. Senate hitting a prominent Nevada lobbyist over the head with a sack. The latter struggled in the Senatorial embrace and called loudly for help. He had already been hit twice with the sack before assistance arrived, and in his struggles to evade the blows his coat was badly torn. The Senatorial candidate paid the crowd \$500 cash to hush the matter up, and it is now very hard to obtain names. If the wretch is discovered he will certainly be lynched.

A Pawning Racket.

WASHINGTON, Aug. 3.—Yesterday afternoon C. C. Powning was closeted all day with Billy Bowlegs, a leading Blaine Lieutenant. The plan is for Powning to run for Governor of Nevada, and if beaten, demand the Vice-Presidency for 1888. A silver platter on which to present the nomination is already being designed.

A Sacramento Mystery.

SACRAMENTO, Aug. 3.—Charles Stoddard of Nevada arrived today and was at once whirled away in a closed carriage to Billy Carr's den. Carr proposes to throw \$1,000,000 into the fight, and he wants to ascertain of Stoddard if the people will stand it. A cousin of Senator Hearst was with the two all day, and all sorts of wild rumors are afloat. Stoddard, it has been said, has agreed to give Carr an answer if he will allow Stoddard to succeed Hearst. Cris. Buckley has been telegraphed for to give advice.

View the Tracks.

RENO, Aug. 3.—Theo. Winters has again "flew the track" and broke away from Deal and Webster.

Sells' Circus.

Sells' Brothers great circus and menagerie will exhibit here Friday, August 6. Probably there is no entertainment which furnishes so much harmless recreation as the well-conducted circus. The start-line feats of the equestrians follow each other in rapid succession, interlarded with the comic and humorous antics of the clowns, the festivities being heightened by the lively airs of the band and the pleasurable emotions excited by the enjoyment of the great throng, who express their rapturous approval by the most demonstrative applause and hearty laughter. The advantage the circus possesses over the theater as a source of amusement is from the fact that there is no intricate plot to weary the mind, or tedious "waits" between the acts to bore the auditor.

The Plans Ready.

We publish the following letter in relation to the new Government building:

TREASURY DEPT., OFFICE OF SUPERVISING ARCHT. July 27.

Respectfully yours,
M. E. BELL,
Supervising Architect.

Medical Testimony.

100 WEST 49TH STREET,
NEW YORK, JUNE 6, 1885.

Having in the course of a large practice extensively used Alcock's Porous Plasters in the various diseases and conditions of the lungs and pleura, and always with success, I recommend their use in that most aggravating disease, Summer Catarrh, or Hay Fever; strips of Plaster applied over the throat and chest will afford great relief from the choking tickling in the throat, wheezing, shortness of breath, and pains in the chest.

RENO HOODLUMS.

Men who Disgrace Civilization. The Reno Gazette reads the following lecture to its town hoodlums:

We dislike greatly to find fault with any of our home folks, and especially as bright and intelligent a class as the young men just growing into manhood in Reno. It not only is distasteful to us but gives a bad impression abroad. A shameful practice is being indulged in by a class of boys, nearly men, on the streets of Reno. They have been known to congregate in companies of from five to a dozen, and when ladies pass they make remarks half direct and half aside, which, while not improper are familiar, and under the circumstances impolite and almost insulting. Once or twice while ladies were passing, couples of them would go to wrestling or to sparring and jostle the passers-by nearly off the sidewalk. We have heard them shout after young lady acquaintances driving by, as if both parties were hoodlums. This practice ought to stop at once. If it is not, the boys may meddle with the wrong family some day and get a good clubbing or cowhiding.

G. A. R. Notes.

We pick up the following Grand Army notes from our exchanges which may be of interest, as these people are daily passing through Nevada on their way West.

Nearly 5,000 Grand Army people have passed through Omaha on their way to the Encampment.

The G. A. R. Finance Committee have so far received \$70,000, \$25,000 of which has been contributed by California. This large amount of money was all that was needed to make the stay of the veterans a success.

Scattering delegations from every State in the Union have been passing through for the past few days.

It is estimated that there will be over 3,000 G. A. R. Comrades, of California who will take part in the parade.

Salt Lake is filled with 10,000 G. A. R. visitors. It is doubtful whether the railroad company will be able to cope with this large crowd in providing cars.

Many of the G. A. R. people who have been arriving here for the last few days, have come out for the purpose of settling in California.

There will be many old war flags in California this trip, that of the Second Maine, presented by California ladies from that State to that regiment during the war and the flag of the California Battalion being among them.

Artesian Well Started.

Lew Cahoon started boring the artesian well for the Nevada Central Railway at Clifton today. We shall watch the result of this well with much interest, for we have an opinion that upon artesian wells depend the success and prosperity of much of Nevada. The silver and gold mines are doing their share, but there are millions of acres of land lying idle which only need water to make them very productive. Hence we say we shall watch this well at Clifton with much interest, and hope it will prove so much of a success that the farmers of Reese River and Smoky Valleys will find it to their advantage to bore wells too.—Reveille.

Williams Elected.

SPECIAL TO THE APPEAL.

SACRAMENTO, Aug. 3, 1886.—A. P. Williams, Republican, was elected United States Senator at 1 o'clock this morning by both Houses of the Legislature to fill the vacancy caused by the death of John F. Miller. The vote of both Houses on joint ballot stood Williams, 70; Hearst, 24.

—A woman applied to Senator Hearst and requested him to indorse her application for office. This he refused to do, saying that he had been notified that the departments do not regard him as a member of the Senate, and that therefore, he had no influence with the Administration.

—It was authoritatively stated at the White House that the President has determined not to veto the Oleomargarine bill. He is said to be undecided as to whether he will sign it or allow it to become a law by the expiration of the ten days' provision of the constitution without his signature.

—WANTED—A house to rent or purchase. Inquire at this office. jyl21

WHAT WE DO.

Every day people living in the country are learning more and more to get their things of dress and personal need of the city merchants. It is they who have the greatest variety of goods, the freshest styles and the lowest prices—the three things necessary to the most successful buying.

By means of SAMPLES and ILLUSTRATED CATALOGUES and by aid of long experience and skill in filling orders, we are able to place the advantages offered our city trade equally within reach of out of town customers.

As to cost of sending goods to and fro, we might add that transportation charges have been so reduced that they hardly figure in the handsome saving usually gained.

Have you doubts as to the merits of this system of trade? Try it!
